Representing Worthing's Residents

At every council meeting Worthing West has a strong presence holding this redundant council to account. We will defend the rights and freedoms of all of Worthing's residents regardless of Background, Race, Religion, or Sexual Preference. We scrutinise everything this Council is doing and live by the word in our mission statement

At Reform UK Worthing West our mission is to build a vibrant, community-based branch by championing common-sense politics, restoring democratic accountability, and putting people before party politics. We are dedicated to challenging the status quo, delivering practical reforms in governance, and ensuring that all local voices are heard and respected. We strive for success in every election through dynamic campaigning, innovative outreach, and unwavering commitment to our core values. By inspiring new members, fostering lasting relationships, and generating vital resources, we empower our branch and party to make a meaningful impactful difference in our community.

IN THE COMMUNITY WORKING FOR YOU

We are out in the community every week, speaking directly with residents, business owners, and visitors. Unlike the old political parties, we are not just talking, we are listening, and we are ready to work tirelessly to make Worthing a better place for everyone who calls it home.

For too long, Worthing has been overlooked by both the Conservatives and Labour. Our town deserves better and Reform UK is here to deliver. We believe in action, not empty promises. We're committed to restoring pride, opportunity, and prosperity to Worthing.

Let us build a future that works for all.

I have been pleased with the reception from our potential Local Council Candidates, following 2 sessions of training through our Councillor Academy.

It is hoped that this will allow our councillors to hit the road running once they are elected, (something which is not offered by any other party).

This comprises of attendance at Council Meetings, including a pre meeting and an evaluation meeting following the meeting itself.

We plan to have monthly meetings, leading up until the Borough Council Elections next May. Ensuring that on each meeting, questions are asked of the council, thus holding the current incumbent to account, through a scrutinising process.

Should the Council cancel the elections in May, it is our intention to have shadow councillors in each Ward, acting on behalf of the residents in each Ward.

All members of the public and community are encouraged to attend meetings

Volunteer Opportunities

We are always looking for enthusiastic volunteers!
